

2012-2022 Projection Highlights Napa Metropolitan Statistical Area (Napa County)

Industry Employment, which includes self-employment, unpaid family workers, private household workers, farm, and nonfarm employment in Napa County, is expected to reach 86,500 by 2022, an increase of 15.6 percent over the 10-year projections period. Eleven of the 12 nonfarm industry sectors are projected to grow between 2012 and 2022.

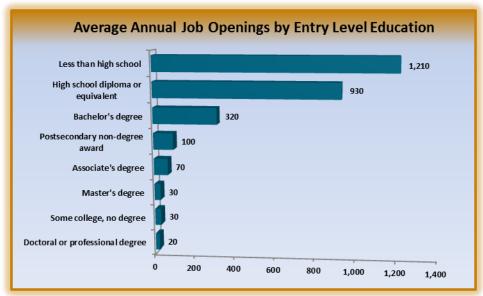

Total nonfarm employment is projected to grow by 10,800 jobs by 2022. Sixty-seven percent of all projected nonfarm job growth is concentrated in four industry sectors.

- Manufacturing is expected to grow 2.5 percent annually over the projections period by adding 2,800 jobs.
- Educational services (private), health care, and social assistance is projected to add 1,700 jobs, accounting for 16 percent of all nonfarm job growth.
- Leisure and hospitality is projected to add 1,600 jobs, the third largest industry increase.
- Mining, logging, and construction will add 1,100 jobs.

Occupational Employment forecasts 12,500 new jobs from industry growth and 18,100 job openings from replacement needs for a combined total of 30,500 job openings.

The 50 occupations with the most job openings are expected to grow by 18,900 total openings, 62 percent of all openings. The top three occupations with the most job openings are farmworkers and laborers, crop, nursery, and greenhouse; waiters and waitresses; and retail salespersons. Their median wages range from \$9.21 to \$11.75 per hour and require less than a high school education. Higher-skilled occupations, requiring a bachelor's degree or higher, include general and operations managers; accountants and auditors; teachers (elementary and middle school); market research analysts and marketing specialists; and sales managers.

The 50 fastest growing occupations anticipate an annual growth rate of 1.8 percent or higher. Occupations range from dining room and cafeteria attendants and bartender helpers that require less than a high school education and earn less than \$9.50 per hour to sales managers that require a bachelor's degree and pay median wages of more than \$56 per hour.

The following table, categorized by entry-level education, provides a summary of the fastest- and largest-growing occupations.
